

Registration form

Please register by submitting this form online!

(preferred modus, in exceptional cases we accept submission by fax or by regular mail).

We will acknowledge your tentative registration first by a quick e-mail response but also by regular letter with an invoice attached. Please pay the fee through regular bank transfer (bank affiliation and account see below). You will be informed on the completion of your registration once the fee has been transferred to the workshop account.

Early bird registration before January 26, 2012 (130.00 Euros; incl. VAT)**

Registration after January 26, 2012 (150.00 Euros; incl. VAT)

**forms send by regular mail must be mailed in time to be received before the deadline

Conference Dinner: 45.00 Euros (March 26, 2012)

Industry/farmer session (09:00 - 10:30 hrs; March 27, 2012)

I am interested to have my company/institution represented at the industry session on day 2 (see attached tentative Programme (10-15 min presentation; limited space available; contributions will be accepted on a first-comes, first-serves basis)

A post-workshop excursion (afternoon of day 2) will be organized, provided sufficient interest has been expressed by registrants:

1. Visiting an foundation structure for offshore wind installations (Steel Construction GmbH Cuxhaven)
2. Visiting recirculating aquaculture research facility - ZAF (Bremerhaven)

I am interested in participating in

Excursion 1 **Excursion 2** both

Confirmation whether the excursion will take place or will have to be cancelled will be announced immediately after the deadline for early bird registrations (local transportation costs to/from excursion sites not included in the registration fee).

The registration form can be submitted by

- e-mail (preferred form)
- fax (0471 - 94646690)
- regular letter (see address below)

Aquaculture Forum

BREMERHAVEN

Workshop I

March 26 – 27, 2012

OPEN OCEAN AQUACULTURE DEVELOPMENT

From visions to reality: The future of offshore farming.

Over the past decade the growth of aquaculture in coastal areas has been substantial and habitats for further expansion are not only becoming increasingly limited but also face a growing competition from other coastal resource users. The opportunity for offshore farming arises. Major developments and new concepts have evolved, including co-managed systems with other stakeholders interested in offshore resource uses.

Keynote speakers will address these developments and critically assess their potential. Contributed papers from pioneering industries will share their experience. Other offshore resource users will present their views on pros and cons while also exploring opportunities for cooperation. On day two, an extensive panel discussion will assess the various views and formulate recommendations.

2012 → 2013

Business and science for a sustainable European aquaculture

The AQUACULTURE FORUM BREMERHAVEN 2012 – 2013 brings together international business and science for a series of four workshops to contribute to future developmental needs of the European aquaculture industry.

Tentative Programme

Day 1: March 26, 2012

Registration: 08:00 - 08:30 hrs

t.i.m.e.Port II, Technology Center, Barkhausenstr. 2, 27568 Bremerhaven

OPENING AND WELCOME ADDRESSES:

08:30 – 09:15 Opening and welcome addresses
(moderation H. Rosenthal)

- Representative of BIS (5 Min)
- Lord Major, Bremerhaven (5 Min)
- Senator (e.g. Administration State of Bremen) (5 Min)
- President (or Executive Director) – Welcome European Aquaculture Society (15 min)
- Patrick Sorgeloos (Ghent, Belgium) (15 min)

SESSION 1: Plenary (keynote lectures) (Chairperson: H. Rosenthal)

09:15 – 09:55 Global trends and challenges in offshore aquaculture (an overview) Barry Costa-Pierce (Rhode Island, USA) 40 min

09:55 – 10:35 Options to combine wind energy production with aquaculture: experiences in Europe Bela Buck (Bremerhaven, Germany) 40 min

10:35-11:15 Windenergy and aquaculture: an industry perspective Arne Fredheim, SINTEF, Norway 40 min (tentatively agreed; not yet firm)

11:15 – 11:30 Coffee break

SESSION 2: Experience papers (Offshore farming technologies) (Chairperson: B. Costa-Pierce)

11:30 – 11:55 Offshore cage engineering Jan Dubois, Hannover, Germany

11:55 – 12:20 Wind-wave energetics and offshore cages Nils Goseberg, Hanover, Germany

12:20 – 12:45 Planning offshore systems Guido Kumbartzjy, Bremen, Germany

12:45 – 14:00 Lunch

SESSION 3: Offshore integrated management, economics & regulations (Chairperson: B. Buck)

14:00 – 14:20 Offshore fish & shellfish culture systems Richard Langan, Univ New Hampshire

14:20 – 14:40 Cost estimates on running offshore systems Michael Ebeling, Hamburg, Germany

14:40 – 15:00 Endorsing Offshore Aquaculture: The risk of failing of Marine Spatial Planning Approaches Gesche Krause, Bremen, Germany

15:00 – 15:20 Laws/regulations Florian Mühlbauer, Rostock, Germany (alt.: Dahlke)

15:20 – 15:40 (final title will follow) Kira Gee, Germany

15:40 – 16:10 Coffee break

SESSION 4: Offshore farming candidates (Chairperson: N.N.)

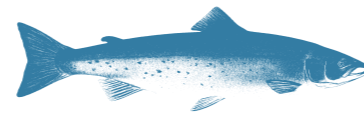

16:10 – 16:35 Planing and running offshore mussel farms John Bornaelli, Trondheim, Norway

16:35 – 17:00 Offshore farming options for Macro-algae Klaus Lüning

17:00 – 17:25 Offshore Farming – economic feasibility Hauke Kite-Powell, Woods Hole, USA

18:30 – 21:30 Conference Dinner

Day 2: March 27, 2012

SESSION 1: Industry presentations (Chairpersons: B. Buck and H. Rosenthal)

09:00 – 10:30 Windparks, mussel/oyster farming, seaweed farming Companies presenting and explaining their products and concepts

10:30 – 10:45 coffee break

SESSION 2: Panel discussion (Chairpersons: Rosenthal, Costa-Pierce, Buck)

10:45 – 12:45 Invited panel members, extended discussions with the audience, formulating recommendations, preparing the "Bremerhaven Resolution" jointly signed by workshop participants

12:45 – 14:00 Lunch

14:00 -- (open end)

Excursions, visits to institutes and industries
(optional, to be arranged on request; limited participation)

Save the dates!

Workshop II October 15–16, 2012

AQUACULTURE PRODUCT QUALITY AND CONSUMER DEMANDS 2

The jungle of labelism: Do we need to label the labellers?

Workshop III February 18–19, 2013

FINFISH NUTRITION AND AQUACULTURE TECHNOLOGY AT THE CROSSROADS 3

The future of fish nutrition.
Technology issues: High versus low-tech or integrated systems?

Workshop IV September 23–24, 2013

DEVELOPMENTAL TRENDS AND DIVERSIFICATION IN EUROPEAN AQUACULTURE 4

New species or new products?
Are these alternatives in aquaculture development?

and Inland Fisheries, Berlin, Germany

Workshop structure and content

The workshops are planned as two-day events with presentations from industry, science and administration. Several keynote lectures – relevant to each of the central subjects – plus a series of contributed papers (up to eight speakers; extended discussions) will be included in the programmes. A social evening event will provide ample opportunity for participants to exchange views and discuss future concepts.

An extended panel discussion on day two will give opportunity to debate the future of aquaculture in Europe, addressing obstacles

and opportunities in view of the globalized and highly competitive markets. The outcome of the panel discussions will be reflected in jointly formulated specific recommendations, which will be published and distributed to industry, inter-governmental and international agencies as well as regional and national authorities for further considerations.

Companies will be given space for poster presentation, including small exhibits.
